

# SRLC 2023

## Info/Stats

In 2016, Support Raising Solutions launched the first Support Raising Leaders Conference, with the purpose of equipping ministry leaders so that their organizations and staff could grow in being spiritually healthy, vision-driven, and fully funded. This powerful vision ignited a community of executives, directors, leaders, and coaches to dream bigger for themselves and their staff. Providing resources to our attendees has always been a priority, so we hope you will be a part of this story as we seek to connect the gospel to all generations.
